## Day 1

Meet your group at Connectrip by Lake Abashiri, practice kayaking and visit the Hokkaido Museum of Northern Peoples

You will meet your guide and other members of the group at 13:00 at Connectrip, Regional exchange base, in Abashiri City. It is recommended that you fly into Memanbetsu Airport (MMB) from Tokyo Haneda (HND) with ADO 4775 and arrive at 8:45. If you are already in Sapporo the day before, you may take a flight from New Chitose Airport (CTS) to Memanbetsu Airport (MMB) with NH4861 and arrive at Memanbetsu Airport at 10:20. There are restaurants and souvenir shops at the airport. From the airport, you take a taxi to Connectrip for 20min. Address: 812-2 Yobito, Abashiri City. Once everyone is together, we will hold a short meeting to introduce ourselves and to brief everyone on our upcoming 4-day adventure before checking the gears and practicing kayaking.

After we have prepared for tomorrow's adventure, we will visit the Hokkaido Museum of Northern Peoples. In the museum, there are many exhibitions about the culture of the peoples who adjusted their life for the polar climate. You will have a chance to learn about the connections between the world and Japan (especially Hokkaido) by knowing the lives of the ethnic minorities in the northern region connected by drift ice. You will learn about the differences and commonalities between each region. This museum visit will help you understand on a deeper level the connection between ancient life in the northern areas and our main activity, kayaking. The ancient Okhotsk people used kayaks for hunting seals and whales which were many times bigger than the kayaks. Our kayak experience will be much more interesting when we understand their life. We will check in Hokutenno Oka Abashiriko Tsuruga Resort where we will stay for 3 nights. Let's have dinner at 18:30. We recommend you try the "onsen" spa shared bath!

## Day 2

### Guided river kayaking tour and a local food culture experience

Today is a day that we can feel like we have traveled back in time to the era of the ancient Okhotsk people! After breakfast, we hop in our private van and head to the starting point by Lake Abashiri where a local guide will greet us. In Lake Abashiri, one of the lakes of the Abashiri Quasi-National Park, we enjoy paddling a kayak, a bit like those used by the ancient northern people. There is some “sea relic lake” in the Sea of Okhotsk coast. These lakes nurture various wildlife habitats because of the saltwater and freshwater that intersect in them. Okhotsk people lived for over 3,000 years around Lake Abashiri because there was plenty of fish. After a briefing and gear orientation, we load the kayaks and set off. We will kayak down the Abashiri River from Lake Abashiri. We will get to enjoy not only the breathtaking sceneries but also the history and food in this area.

After kayaking for 3 hours, we will enjoy a seafood lunch similar to what we believe the ancient Okhotsk people used to eat. We will savor some fresh seafood BBQ with a view of the Sea of Okhotsk. Some local fishers and farmers will come to greet us and join us for lunch, so this will be a cool opportunity to chat casually with the local people.

Before returning to our hotel, we will visit Abashiri Shrine. The deities of this shrine are popular as guardians of fishers. Tomorrow we will be challenging ourselves in sea kayaking, so we will pray for a safe adventure here. At the hotel, you can refresh yourself in “rotenburo” open-air bath and “ganbanyoku” Japanese rock sauna after today's activities.

## Day 3

### Guided sea kayaking tour and lecture on sustainable fishery

Today is the day we will finally kayak in the Sea of Okhotsk! We will start our day at 8 AM and head to the starting point, “Futatsu Iwa” which literally means “two rocks”. The guide will tell you a legend story behind the rocks. After a briefing session and gear orientation, we load the kayaks and head out to the sea. Trout and salmon swim upstream in Abashiri River to lay eggs in summer and autumn, so we will be able to see salmon run at the mouth of the river. We will head to the beach near Cape Notoro where you can see a panoramic view of the sea.

After the adventure in the sea, a healthy “bento” lunch box has been prepared for each of us by the local farmers. The food miles of this lunch is zero, meaning the ingredients are all produced locally.

Now that we are familiar with the connections between the lake, the river, and the sea in the Abashiri area, it is time to learn how the local people make use of this environment in a modern way. Mr. Shintani, the leader of Abashiri City Fisheries Cooperative, will share with us the secrets of the city’s sustainable fishery. He argues that it is very important for the agriculture and fishery industries to cooperate. Not only the fishers downstream but also the farmers upstream must take care of the river. Thanks to this thinking, now the farmers try to choose more organic products and pesticide-free fertilizer, and the fishermen plant trees. This cooperation keeps the environment rich and the resources sustainable. We will have a chance to peek behind the scenes of this precious environment. For the last dinner of this tour, we will visit the local izakaya gastropub. We are sure you will appreciate your dinner even more now after learning about the effort required for sustainable fishery and agriculture!

## Day 4

### Guided kayaking or visiting a fish farm and transfer to Sapporo by bus

After we check out, we would like you to have some optional activities on the morning of the last day. If the weather is good and you would like to kayak some more, you can kayak again with the guide. If you would like to know a little more about the local fishery, you can visit Urai Fish Farm to see salmon returning from the sea. Urai is one of the effective methods used to catch fish. The method takes advantage of the salmon's habit to block their way by building fences. To keep the number of salmon high, human hands help to hatch and release the fish once the fries get big enough. This fish farm is not only for catching fish but also for protecting and saving the fish. At the shell mound ruins, houses of ancient Okhotsk people, many salmon bones were found. We will see how important salmon is to both ancient Okhotsk people and the local people today. Since it is our last lunch, let's make some Japanese sushi by ourselves. Please pick your favorite ingredients and make sushi with your hands. A local sushi chef will teach us the techniques.

It's time to say goodbye to the Okhotsk area. You will take an express bus to Sapporo for 6 hours at 14:00. You will arrive at Sapporo station around 20:00.

### Guides

#### ◆Tour Guide/Chie Moue

English instructor, interpreter guide, English customer service consultant, forest instructor

She majored in organic chemistry at university. After that, she worked at the Hokkaido Regional Forest Office with the aim of contributing to the community. Engaged in forestry and forest environment education work, she knows the "power to heal people" of forests. She realized the fun of communicating and sharing the splendor of the forest to people and started to act as a forest instructor. After guiding overseas forestry trainees, she became motivated to "work using English", and with the aim of re-learning English, she built her career as an English instructor and interpreter and became an English customer service consultant. She is developing a unique course that weaves "English x customer service x tourism", such as a "forest course" that makes use of the experience of a forest instructor and a training course for English teachers and English guides. She is also involved in tour development as well as creating English notation for facilities in cities, towns and villages all over Japan, and is also focusing on "disseminating the appeal of the region in English."

◆Local guide/Connectrip members

Connectrip is a council organized association which focus on connecting tourism and local industry in Abashiri in Okhotsk area. They are specialized in introducing the sustainable primary industry of Abashiri to the tourists to not only just visit but also to interact with those people who work there. As they go deep into the local industries, you have plenty of chances to meet local people working for those industries and know how they feel to live in Abashiri too.

◆Kayaking guide/Satoshi Tanaka

Outdoor activity and trekking guide

He was born in Shizuoka prefecture, and he used to be a teacher at an elementary school. However, he decided to immigrate to Hokkaido about 25 years ago. He loved the lifestyle in Hokkaido and wanted more people to know about this wonderful life. He started guiding about 10 years ago and now he owns the shop "Mokki". The shop sells goods from the Scandinavian and goods and tools for outdoor adventures. Since He loves nature very much, he even built his house by himself in the mountain. He also likes taking photographs of the beautiful lifestyle in Abashiri. He is looking forward to showing Abashiri to you.

# Information and Requirements

## Dietary Restrictions

We believe that eating like the locals is the best way of experiencing Hokkaido's unique culture. However, we understand that it's not possible for everyone to do this and we're more than happy to cater for food allergies, dietary restrictions, and special requirements. If you have any diet restrictions or preferences, please tell us in the Registration Form at the time of booking, and we will do our best to accommodate your dietary needs.

In some rural areas particularly, we may ask you for some flexibility. For example, if you require halal food, we may be able to substitute for a vegetarian option instead. Please also be aware that for those who are allergic to MSG we may struggle to arrange a good alternative at every meal in Japan. Some of our overseas guests in the past found it difficult to find ready-made foods completely free of MSG, especially when buying from convenience stores. Most Japanese supermarkets sell simple foods like plain bread, boiled eggs, vegetables and fruits, so you should always be able to find something suitable. The most important thing about dietary requirements is to let us know in advance so we can prepare and organize the foods you need.

## Emergency Response Plan

Your safety is our top priority, closely followed by fun and comfort! All our tour guides have years of guiding experience in the outdoors under their belt. The activity guide has taken a 40-hour Wilderness First Aid, Advanced Firefighting Lifesaving Course. At all times, our guides will carry a first-aid kit, as well as have an extra kit in our vehicle and hold an Emergency plan with the nearest emergency hospital for any severe accident.

In case of heavy rain, strong winds or other unsafe weather conditions for trekking/climbing, there may be times when we have to change our tour plan. In such cases, we will try to substitute the original activity with other alternatives such as sightseeing, visiting museums or hot springs. We take charge of turning a bad day around into a fun day!

## Weather Condition

Hokkaido's pleasant summer attracts many visitors from the other regions of Japan escaping from the unbearable summer heat and humidity. June is a transition month from spring to summer, and October is a middle of autumn.

During June to October the highest temperature is approximately 23°C / 73°F in August, and the lowest one is approximately 6°C / 42°F in October. The highest rainfall is 114mm(4.5inches) in August. The weather in Japan in September and October can bring typhoons. Although they are not as frequent as on Mainland Honshu, occasionally Hokkaido is hit by a cyclone (a weakened typhoon as it has travelled over Honshu to Hokkaido). Be prepared for variable weather; warm, cold, and wet, to ensure your comfort and safety while on traveling.

## What is an *onsen*?

Most Hokkaido Hotel and Ryokan have an *onsen* spa, that is, natural hot springs. As a volcanically active landscape, Japan has well over 25,000 natural hot springs scattered throughout the country. Since ancient times, the people of Japan have loved onsen and will travel far and wide to visit famous onsen establishments.

Please keep in mind that there are certain protocols that go with bathing in an onsen, however they're super simple!

- You bathe in your birthday suit, that's right, no clothes or swimwear is allowed in the bath. Don't worry, no one is looking!
- Take a shower before you enter the water. It's important for the onsen waters to stay clean so make sure to rinse all soap off and long hair should be tied up. You can take a small towel in if you're feeling shy, but the towel cannot touch the waters.
- Be respectful of others. Do not run, talk too loudly, drink alcohol, or splash around while in the onsen.

Don't forget to take in a hand towel, so that you can lightly dry yourself before returning to the changing room. We're quite fussy about keeping the floors of the changing room dry. Last but not least, relax and enjoy yourself!
