

Cycling and learning about sustainable forest utilization

| Northern Hokkaido 4-day tour

This adventure focuses on the woods. Through the activities, we can come in touch with the local industry and the ecosystem of the forests. We start from Asahikawa city, that is one of Japan's leading wooden furniture scenes. We will stay in the nearby Nakagawa town which supplies lumber to Asahikawa. Nakagawa is blessed with plenty of nature, forests cover around 85% of the town. In Nakagawa, we can find the Nakagawa Experimental Forest which is a side facility of the Hokkaido University. Because of its unique terrains and geographical features, the Experimental Forest contains various forest types. Riding a mountain bike in this forest will immerse you in its natural beauty.

The island of Hokkaido is one of the areas with most forestland in Japan. Forests account for around 70% of Hokkaido's land area. 30% of these forests are artificial and 70% are of natural origin. As we know, forests have various functions such as being a source of timber, conserving national land and water resources and absorbing and storing carbon dioxide. They bring about environmental, social, and economic benefits for humanity. It is no wonder that the locals of Hokkaido are also endeavoring to achieve coexistence with the nature and want to come up for more sustainable ways to make use of the forests. Come and join this tour to get a glimpse inside the lives of the locals who strive for the local resources and a more sustainable industry!

Highlights:

- Mountain bike ride in Nakagawa Experimental Forest (a side facility of the Hokkaido University)
- Cycling along Teshio river, the second longest river in Hokkaido
- A factory tour at a locally-oriented furniture factory which is highly regarded for its Japanese invented wood processing techniques and designability
- Learn about the northern natural forests and sustainability efforts through the guidance of a researcher of Nakagawa Experimental Forest

Location:

Nakagawa town is located in the northern part of Hokkaido. The town has a population of around 1,600. Low temperatures and heavy snowfall are some characteristics of this region. Forests cover approximately 85% of the town.

Day-by-day Itinerary

Day 1

- Meeting the group & An interesting furniture factory tour

You will meet the group and your guide at the JR Sapporo Station at 10 AM on the first day. The closest airport to Sapporo city is New Chitose Airport (CTS), from which the Rapid Airport train departs every 15-20 minutes for Sapporo (it takes just under 40 minutes. The cost is JPY 1,150). It is recommended that you arrive in Sapporo the day before the tour starts. If you are transferring to New Chitose Airport (CTS) from Tokyo Haneda (HND) or Tokyo Narita (NRT) on the first day of this tour, please make sure you reserve an early morning flight that arrives at CTS before 8:30 AM, which allows you to reach JR Sapporo Station before 10 AM.

Once everyone has joined the group, we will head to Asahikawa city by the train. After a 1.5-hour train ride, we will arrive at the JR Asahikawa Station. Chiho Kobayashi, a member of the Nakagawa Tourism Association, will welcome us with open arms at the station. She will be our guide for our upcoming 4 days tour. Before our adventure starts. While having lunch at the local restaurant, we will have a short briefing session to have a chance to introduce ourselves and check that everyone knows each other as well as to take a look at the itinerary for ahead.

After we have filled your stomachs, we will have an interesting furniture factory tour. This tour is a collaboration between Asahikawa Furniture Industry Cooperative and the town of Nakagawa. The aim is to improve Hokkaido's wood self-sufficiency rate. Hopefully, this tour will inspire you and make you even more motivated to use locally grown products. We will feel firsthand the vitality of the living forest all around, as well as the skills and the passion passed down from generation to generation, which is why Asahikawa has become such a powerful base for Japanese furniture production.

In the evening, we will enjoy our first dinner at a local restaurant. Our first accommodation on this tour is located right at the central of Asahikawa city.

Bikki or “Bikky” Sunazawa was a self-taught woodcarver, painter, and sculptor of Ainu origin. He loved creating his works surrounded by the nature. He produced more than 1,000 pieces of art in his lifetime finding inspiration from his Ainu roots. This museum includes a reproduction of the studio where Sunazawa produced his works during the last 11 years of his life.

After the museum tour, we will adjust our cycle gears and enjoy a mountain bike tour in the primitive forest while learning of the sustainable use of forests. Information and Requirements

Dietary Restrictions

We believe that eating like the locals is the best way of experiencing Hokkaido's unique culture. However, we understand that it's not possible for everyone to do this and we're more than happy to cater for food allergies, dietary restrictions, and special requirements. If you have any diet restrictions or preferences, please tell us in the Registration Form at the time of booking, and we will do our best to accommodate your dietary needs.

In some rural areas particularly, we may ask you for some flexibility. For example, if you require halal food, we may be able to substitute for a vegetarian option instead. Please also be aware that for those who are allergic to MSG we may struggle to arrange a good alternative at every meal in Japan. Some of our overseas guests in the past found it difficult to find ready-made foods completely free of MSG, especially when buying from convenience stores. Most Japanese supermarkets sell simple foods like plain bread, boiled eggs, vegetables and fruits, so you should always be able to find something suitable. The most important thing about dietary requirements is to let us know in advance so we can prepare and organize the foods you need.

Emergency Response Plan

Your safety is our top priority, closely followed by fun and comfort! All our tour guides have years of guiding experience under their belt. At all times, our guides will carry a first-aid kit. In case of heavy rain, strong winds or other unsafe weather conditions for forest walking, there may be times when we have to change our tour plan. In such cases, we will try to substitute the original activity with other alternatives such as sightseeing, visiting museums or hot springs. We take charge of turning a bad day around into a fun day!

Weather Conditions

Hokkaido's pleasant summer attracts many visitors from the other regions of Japan escaping from the unbearable summer heat and humidity. May is a middle of summer, and October is a middle of autumn.

During May to October the highest temperature is approximately 24.5° C / 76.1°F in August, and the lowest one is approximately 3°C / 37.4°F in November. The highest rainfall is 170mm (6.7 inches) in October. The weather in Japan in September and October can bring typhoons. Although they are not as frequent as on Mainland Honshu, occasionally Hokkaido is hit by a cyclone (a weakened typhoon as it has travelled over Honshu to Hokkaido). Be prepared for variable weather; warm, cold, and wet, to ensure your comfort.

3 In cases where the Applicable Fare and Charge are reduced as provided for in paragraph 1, we will decrease the Tour Price by the amount so reduced in accordance with the provision of the said paragraph.

4 If any change in the Contract Content according to the provisions of the preceding Article, causes any increase or decrease to accrue in the expenses required for the implementation of the Tour (including the cancellation fee, a penalty charge or other expenses already paid or payable from now for the Tour Service unreceived due to changes in the said Contract Content), we may change the Tour Price within the range of the amount increased or decreased when such Contract Content is changed (except when such increase of expenses is caused by a lack of seats/rooms in the transportation and accommodation facilities, etc. or other facilities, despite the fact that the relevant Tour Service is provided by the transportation and accommodation facilities, etc.).

5 In cases where we have stated in the Contract Document that the Tour Price varies with the number of persons utilizing the transportation and accommodation facilities, etc., and when the number of persons participating in the Tour changes due to causes not attributable to us after the execution of the Subscription Type Organized Tour Contract, we reserve the right to change the amount of the Tour Price as described in the Contract Document. (Change of Traveler)

4 In the case of the preceding paragraph, we will refund to the traveler the portion of the Tour Price related to the portion of the Tour Service that has become unavailable. However, when the case of the preceding paragraph is not due to causes attributable to us, we will refund to the said traveler after deducting from the said amount the cancellation fee, penalty charges and any other amount related to the expenses already paid or payable on or after the cancellation for the said Tour Service.
